To easily achieve your savings targets and plan for the affluent future for you and your family, it is indispensable for you to have a dependable wealth solution. Wealth Accelerator Whole Life Protection Plan (The “Plan”) is a life protection plan which caters to long term savings target and aims to accumulate your capital with potentially higher returns. The Plan also offers the change of Life Insured option which enables you to transfer your accumulated wealth to your offspring to gain further growth till aged 130 of the Initial Life Insured.

Short Premium Payment Term¹ with Extended Life Protection

The Plan provides 3 choices of Premium Payment Term¹, i.e. 3 years¹, 6 years¹ and 12 years¹, with extended life protection until aged 130 of the Initial Life Insured.

Enjoy Additional Return

The Plan not only provides Guaranteed Cash Value, Annual Dividend (non-guaranteed)² may also be distributed annually in terms of cash starting from the 2nd Policy Anniversary. You can choose cash withdrawal or leaving it with the Policy for interest accumulation² to meet your personal needs.

In addition, Terminal Dividend (non-guaranteed)² may be payable starting from the 4th Policy Anniversary when the Policy is surrendered by the Policyowner, the Life Insured dies or upon Policy Maturity, whichever is earlier.

Flexible Change of Life Insured³ to Spread the Wealth across Generations

While the Plan is in force and the Life Insured is alive, Policyowner may change the Life Insured according to your plan for unlimited times starting from the 1st Policy Anniversary³. The Guaranteed Cash Value, plus Accumulated Dividends and Interest (non-guaranteed)^{2,4} (if any) will continue to accumulate in the Policy till aged 130 of the Initial Life Insured. This enables sufficient time for wealth accumulation and spread the wealth across generations.

Life Protection for Peace of Mind

When the Life Insured dies when the Plan is in force, the Total Death Benefit will be paid to the Policy Beneficiary as below:

Policy Year	Total Death Benefit	
1 - 2 (excluding the 2 nd Policy Anniversary)	100% of Total Premiums Paid	less Indebtedness (if any).
3 - 20 (including the 2 nd Policy Anniversary but excluding the 20 th Policy Anniversary)	105% of Total Premiums Paid OR 100% of Guaranteed Cash Value as at the date of death of the Life Insured (whichever is greater)	plus Accumulated Dividends and Interest (non-guaranteed) ^{2,4} (if any) and Terminal Dividend (non-guaranteed) ² (if any), less Indebtedness (if any).
21 and onwards (including the 20 th Policy Anniversary)	110% of Total Premiums Paid OR 100% of Guaranteed Cash Value as at the date of death of the Life Insured (whichever is greater)	plus Accumulated Dividends and Interest (non-guaranteed) ^{2,4} (if any) and Terminal Dividend (non-guaranteed) ² (if any), less Indebtedness (if any).

Flexible Death Settlement Options⁵

In addition, the Plan provides flexible Death Benefit Settlement Options⁵. Instead of receiving the Death Benefit in a lump sum payment, Policyowner can designate other settlement options including Installment Payments (Fixed Amount) or Installment Payments (Fixed Period) while the Plan is in force and the Life Insured is alive to settle the Death Benefit to the Policy Beneficiary.

Complimentary Additional Protection for Extra Peace of Mind

• Accidental Death Benefit⁶

The Plan provides complimentary Accidental Death Benefit⁶ for the first 5 Policy Years. If the Life Insured dies because of accident, an extra benefit equals to 30% of the first year premium of the Plan will be paid to the Policy Beneficiary.

• Accidental Waiver of Premium⁷

If the Life Insured becomes totally and permanently disabled due to accident and loses his/her working ability before aged 60 for 6 consecutive months or above, premiums payable of the Plan will be waived within the period of disability.

• Accidental Payor Benefit⁸

If the Policyowner dies due to accident or becomes totally and permanently disabled due to accident and loses his/her working ability before aged 60 or the Life Insured's 25th birthday (whichever is earlier) for 6 consecutive months or above, premiums payable of the Plan will be waived upon the death of the Policyowner or within the period of disability until the Life Insured attains aged 25 or the end of the Premium Payment Term of the Plan.

Important Statements

1. Exchange Rate Risk

If the Policy Value and premium of the Plan are calculated in USD, all benefit amount will be presented in USD. If the benefit amount is received in terms of HKD, it is subject to the exchange rate between USD and HKD as determined by Hong Kong Life at the time of payment. Due to the

potential fluctuation of the exchange rate, if USD depreciates substantially against HKD, there is a risk that you may lose a substantial portion of the benefit value (calculated in HKD) of your Policy; if USD appreciates substantially against HKD, there is a risk that the premium (calculated in HKD) of the Policy may be substantially increased.

2. Liquidity Risk / Long Term Commitment

The Plan is designed to be held until the Maturity / Expiry Date. If you terminate the Policy prior to the Maturity / Expiry Date, a loss of the premium paid, loss of benefit amount and coverage may be resulted.

The premium of the Plan should be paid in full for the whole payment term. If you discontinue the payment, the Policy may lapse and a loss of the premium paid, loss of benefit amount and coverage may be resulted.

3. Credit Risk of Issuer

The Plan is issued and underwritten by Hong Kong Life. The premium to be paid by you would become part of the assets of Hong Kong Life and that you and your Policy is subject to the credit risk of Hong Kong Life. In the worst case, you may lose all the premium paid and benefit amount.

4. Non-Guaranteed Elements

The amount of dividends (if any) of the Plan depends principally on the factors including investment returns, claim payments, policy persistency rates, operation expenses and tax; while the annual interest accumulation rate principally depends on the factors including investment performance and market conditions. Hence the amount of dividends (if any) and annual interest accumulation rate are not guaranteed and may be changed over time. The actual dividends payable and annual interest accumulation rate may be higher or lower than the expected amount and value at the time when the Policy was issued.

5. Inflation Risk

When reviewing the values shown in the Insurance Proposal, please note that the cost of living in the future is likely to be higher than it is today due to inflation.

6. Suicide

If the Initial Life Insured commits suicide, while sane or insane, within one (1) year from the Issue Date or date of any reinstatement, whichever is later, the liability of Hong Kong Life shall be limited to a refund of paid premiums to the Beneficiary without interest less any existing Indebtedness. In the case of reinstatement, such refund of premium shall be calculated from the date of reinstatement.

Upon the change of the Life Insured, if the New Life Insured commits suicide, while sane or insane,

within one (1) year from the date of endorsement or date of any reinstatement, whichever is later, the liability of Hong Kong Life shall be limited to (i)(a) a refund of the paid premiums for the Plan (without interest) or (i)(b) the Guaranteed Cash Value as shown on the Policy Schedule, whichever is greater, plus (ii) Accumulated Dividends and Interest (if any) and (iii) Terminal Dividend (if any), less (iv) Indebtedness (if any).

This clause shall not apply to any Supplementary Benefit granting disability, accident or hospital benefits attached to the Policy unless stated otherwise in the contrary.

7. Incontestability

The validity of the Policy shall not be contestable except for (i) the non-payment of premiums, (ii) fraud or (iii) misstatement of age and/or sex as specified in the Misstatement of Age and/or Sex provisions, after it has been in force during the lifetime of the Initial Life Insured for two (2) years from the Issue Date or date of any reinstatement, whichever is later. Premiums paid will not be refunded should the Policy be voided by Hong Kong Life.

Upon the change of the Life Insured, Hong Kong Life shall not contest the validity of the Policy after the change has been in force during the lifetime of the New Life Insured for two (2) years from the date of endorsement or date of any reinstatement, whichever is later, except for (i) the non-payment of premiums, (ii) fraud or (iii) misstatement of age and/or sex as specified in the Misstatement of Age and/or Sex provisions. Premiums paid will not be refunded should the Policy be voided by Hong Kong Life.

This clause shall not apply to any Supplementary Benefit granting disability, accident or hospital benefits attached to the Policy unless stated otherwise in the contrary.

8. Automatic Termination

The Plan shall terminate automatically:

1. upon the death of the Life Insured; or
2. if and when the Plan matures or is surrendered; or
3. if and when a premium remains unpaid at the end of the Grace Period as specified in the General Provisions unless Automatic Premium Loan applies; or
4. if and when the Indebtedness of the Policy equals to or exceeds the Guaranteed Cash Value as shown on the Policy Schedule; or
5. if and when the Guaranteed Cash Value as shown on the Policy Schedule less Indebtedness (if any) is less than the premium required to maintain the Policy up to the next premium due date as specified in the Automatic Premium Loan provisions.

Others

9. Insurance Costs

The Plan is an insurance plan with a savings element. Part of the premium pays for the insurance and related costs (if any).

10. Cooling-off Period

If you are not satisfied with your Policy, you have a right to cancel it within the cooling-off period and obtain a refund of any premium(s) and levy(ies) paid (in the original payment currency) to Hong Kong Life without any interest. A written notice signed by you should be received by Hong Kong Life Insurance Limited at 15/F Cosco Tower, 183 Queen's Road Central, Hong Kong within the cooling-off period (that is, 21 days after the delivery of the Policy or issue of the Cooling-off Right Notice (informing you/your representative about the availability of the Policy and Expiry Date of the cooling-off period), whichever is the earlier). After the expiration of the cooling-off period, if you cancel the Policy before the end of the term, the projected Total Surrender Value (if applicable) may be less than the Total Premiums Paid.

11. Dividends

Hong Kong Life determines the amount of divisible surplus that will be distributed in the form of dividends. Dividends will be determined and distributed according to the Policy's terms and conditions and in compliance with the relevant legislative and regulatory requirements as well as relevant actuarial standards, whereas Terminal Dividend is available for certain types of policies and payable at the termination of the policies.

The amount of divisible surplus depends principally on the factors including investment returns, claim payments, policy persistency rates, operation expenses and tax. Hence the amount of dividends is not guaranteed and may be changed over time. Past performance, current performance or dividend history is not an indicator of future performance of products, the actual dividends payable may be higher or lower than the expected amount at the time when the policies were issued. The withdrawal of dividends will decrease the Total Surrender Value and Total Death Benefit of the Policy.

12. Policy Loan

After the Plan has acquired a Guaranteed Cash Value and while the Policy is in force, the Policyowner may, upon the sole security and satisfactory assignment of the Policy to Hong Kong Life, apply for a Policy Loan up to an amount as determined by Hong Kong Life using the then applicable calculation method but in no event shall exceed the Guaranteed Cash Value as shown on the Policy Schedule less Indebtedness (if any). Hong Kong Life reserves the right to defer the granting of the Policy Loan for a period not exceeding six (6) months from the date of application for the loan.

Any loan on the Policy shall bear interest at a rate declared by Hong Kong Life from time to time. Interest on the loan shall accrue and compound daily from the date of loan. The loan and the interest accrued thereon shall constitute Indebtedness against the Policy. Interest shall be due on each Policy Anniversary subsequent to the date of loan. Any interest unpaid when due shall be added to the existing loan amount and shall bear interest at the same rate.

In the event that the Indebtedness of the Policy equals to or exceeds the Guaranteed Cash Value as shown on the Policy Schedule, the Policy will terminate.

All or part of the Indebtedness of the Policy may be repaid at any time while the Policy is in force provided that the amount of each repayment shall not be less than the minimum amount as determined by Hong Kong Life from time to time.

Any Indebtedness on the Policy at the time of settlement shall be deducted from the amount otherwise payable under the Policy. The claim of Hong Kong Life for any Indebtedness shall be prior to the claim of any assignee or any other person.

Any Policy Loan and accrued loan interest may reduce the Total Surrender Value and the Total Death Benefit of the Policy.

13. Non-Protected Deposit

The Plan is not equivalent to, nor should it be treated as a substitute for, time deposit. It is not a bank savings plan with free life insurance coverage. The Plan is not a protected deposit and is not protected by the Deposit Protection Scheme in Hong Kong.

14. Dispute on Selling Process and Product

Chong Hing Bank Limited, CMB Wing Lung Bank Limited, OCBC Wing Hang Bank Limited and Shanghai Commercial Bank Limited (collectively "Appointed Insurance Agencies" and each individually "Appointed Insurance Agency") are the Appointed Insurance Agencies of Hong Kong Life, and the life insurance product is a product of Hong Kong Life but not the Appointed Insurance Agencies. In respect of an eligible dispute (as defined in the Terms of Reference for the Financial Dispute Resolution Centre in relation to the Financial Dispute Resolution Scheme) arising between the Appointed Insurance Agency and the customer out of the selling process or processing of the related transaction, Appointed Insurance Agency is required to enter into a Financial Dispute Resolution Scheme process with the customer; however any dispute over the contractual terms of the life insurance product should be resolved between Hong Kong Life and the customer directly.

Dividend Policy

Hong Kong Life offers a comprehensive range of life insurance products which provide both guaranteed and non-guaranteed benefits to the Policyowners depending on the specific features of different products.

The guaranteed benefits generally include the insurance coverage payable on death, maturity, or disablement as well as guaranteed cash value for loan or Policy cancellation. The non-guaranteed benefits are the dividends (including Annual Dividend and Terminal Dividend) and rate of interest (referred to as "interest accumulation rate") on Annual Dividend and other cash payments left on deposit under a Policy. The rate of interest may vary at the discretion of Hong Kong Life. Past dividends record is not indicative of future performance.

The amount available for distribution as dividends to relevant classes of Policyowner is determined by the Appointed Actuary of Hong Kong Life in accordance with Hong Kong Life's internal dividend management. The amount depends on both the emerging experience and the future best estimate assumption including investment returns, claim payments, policy persistency rates, operation expenses and tax. The Appointed Actuary will also report to the Board of Hong Kong Life on the Policy covering allocation of profits between shareholders and participating fund for approval, taking into account the principle of fair treatment of customers, and the equity between shareholders and Policyowners.

Dividends will be determined and distributed according to the Policy's dividend provision and in compliance with the relevant legislative and regulatory requirements as well as relevant actuarial standards, whereas Terminal Dividend is available for certain types of Policies and payable upon termination of the Policies.

As stated, the amount of dividends will vary according to the emerging experience of the above factors and types of the products. Hong Kong Life applies a smoothing approach in relation to the distribution of the dividends. It will only be modified if the actual experience over the long term is significantly different from expected or if the future long term expectation is changed.

Policyowners may also choose to leave their Annual Dividend or other cash payments with Hong Kong Life to earn interest at a rate determined by Hong Kong Life based on its investment performance and market conditions. As a consequence, the interest accumulation rates are not guaranteed and may be adjusted from time to time.

Investment Policy

The underlying investment is a dedicated fund managed by Hong Kong Life according to the investment mandate of participating fund specified in Hong Kong Life's internal investment guidelines. The fund's investments are mainly government bonds or corporate bonds with high credit rating and equities.

Generally, the asset allocation strategy is that at least 40% of the fund's assets will be invested in bonds mainly issued in US and Hong Kong, 0% to 60% invested in Hong Kong equities, and 0% to 10% in cash, with relatively higher allocation in USD denominated assets. The target currency mix of the fund's investments will vary according to the currency mix of Hong Kong Life's liability. Allocation of different asset classes will be reviewed regularly with considerations of the market conditions, economic outlook and global insights in order to generate sustainable long term returns.
