Remarks

1. The Total Premiums Paid does not include the amount in the Premium Deposit Account. In the event of the death of Life Insured, the amount in the Premium Deposit Account (if any) will be paid to the Beneficiary. If Policyowner requests to surrender, the amount in the Premium Deposit Account (if any) will be returned to the Policyowner.
2. When paying the first year premium, the second year annual premium must be deposited in advance into the Premium Deposit Account at the same time in order to be eligible for 3.70% (applicable to HKD Policy) or 3.55% (applicable to USD Policy) discount on the second year premium. If the premium is pre-paid in HKD for USD Policy, the pre-paid amount will be converted as USD based on the exchange rate as at the date of prepayment and deposited into the Premium Deposit Account for paying the second year premium. The amount in the Premium Deposit Account will be debited automatically to pay the premium on the premium due date of the 2nd Policy Year. No interest will be credited and no partial or full withdrawal is allowed for the amount in the Premium Deposit Account. In the event of the death of Life Insured, the amount in the Premium Deposit Account (if any) will be paid to the Beneficiary. If Policyowner requests to surrender, the amount in the Premium Deposit Account (if any) will be returned to the Policyowner.
3. For HKD Policy, if the second year premium is paid to the Premium Deposit Account in advance together with the full payment of the Initial Premium, with the 3.70% discount of the second year premium, the Maturity Benefit is equal to 110.0% of the total discounted premiums, which is equivalent to a guaranteed return rate of 1.93% p.a. upon the Policy Maturity.
4. For USD Policy, if the second year premium is paid to the Premium Deposit Account in advance together with the full payment of the Initial Premium, with the 3.55% discount of the second year premium, the Maturity Benefit is equal to 110.9% of the total discounted premiums, which is equivalent to a guaranteed return rate of 2.10% p.a. upon the Policy Maturity.
5. Principal Amount is used to calculate Initial Premium, any subsequent premium, benefits and policy values (if any) of the respective Basic Plan and any Supplementary Benefit (if applicable). Any subsequent change of the Principal Amount will result in corresponding change in premium, benefits and policy values (if any) of the respective Basic Plan and any Supplementary Benefit (if applicable). The Principal Amount does not represent the amount of death benefit of the respective Basic Plan and any Supplementary Benefit (if applicable).
6. If the Policyowner surrenders his/her Policy prior to the Maturity Date for Guaranteed Surrender Value, which shall be equal to 100% of the Guaranteed Cash Value at that time, less Indebtedness (if any), subject to the terms and conditions as determined by Hong Kong Life from time to time. The amount of Guaranteed Surrender Value may be less than the Total Premiums Paid. For the details on the calculation of the amount of Guaranteed Surrender Value and the relevant terms and conditions, please refer to the policy document.

Important Statements

• Basic Plan

Risk

1. Exchange Rate Risk

You are subject to exchange rate risks for the Policy denominated in currencies other than the local currency. Exchange rates fluctuate from time to time. You may suffer a loss of your benefit values and the subsequent premium payments (if any) may be higher than your initial premium payment as a result of exchange rate fluctuations.

2. Liquidity Risk / Long Term Commitment

The Plan is designed to be held until the Maturity / Expiry Date. If you terminate the Policy prior to the Maturity / Expiry Date, a loss of the premium paid may be resulted.

The premium of the Plan should be paid in full for the whole payment term. If you discontinue the payment, the Policy may lapse and a loss of the premium paid may be resulted.

3. Credit Risk of Issuer

The life insurance product is issued and underwritten by Hong Kong Life. The premium to be paid by you would become part of the assets of Hong Kong Life and that you and your Policy are subject to the credit risk of Hong Kong Life. In the worst case, you may lose all the premium paid and benefit amount.

4. Inflation Risk

When reviewing the values shown in the Insurance Proposal, please note that the cost of living in the future is likely to be higher than it is today due to inflation.

Important Policy Provisions

5. Suicide

If the Life Insured commits suicide, while sane or insane, within one (1) year from the Issue Date or date of any reinstatement, whichever is later, the liability of Hong Kong Life shall be limited to a refund of paid premiums to the Beneficiary without interest less any existing Indebtedness. In the case of reinstatement, such refund of premium shall be calculated from the date of reinstatement.

6. Incontestability

The validity of the Policy shall not be contestable except for (i) the non-payment of premiums, (ii) fraud or (iii) misstatement of age and/or sex as specified in the Misstatement of Age and/or Sex provisions, after it has been in force during the lifetime of the Life Insured for two (2) years from the Issue Date or date of any reinstatement, whichever is later. Premiums paid will not be refunded should the Policy be voided by Hong Kong Life.

7. Automatic Termination

The Plan shall terminate automatically:

- i. upon the death of the Life Insured; or
- ii. if and when the Plan matures or is surrendered; or
- iii. if and when a premium remains unpaid at the end of the Grace Period as specified in the General Provisions of the Policy; or.
- iv. if and when the Indebtedness of the Policy equals to or exceeds the Guaranteed Cash Value.

Others

8. Insurance Costs

The Plan is an insurance plan with a savings element. Part of the premium pays for the insurance and related costs (if any).

9. Cooling-off Period

If you are not satisfied with your Policy, you have a right to cancel it within the cooling-off period and obtain a refund of any premium(s) and levy(ies) paid (in the original payment currency) to Hong Kong Life without any interest. A written notice signed by you should be received directly by Hong Kong Life Insurance Limited at 15/F Cosco Tower, 183 Queen's Road Central, Hong Kong within the cooling-off period (that is, the period of 21 calendar days immediately following either the day of delivery of the Policy or the Cooling-off Notice to you or your nominated representative (whichever is the earlier)). After the expiration of the cooling-off period, if you cancel the Policy before the end of the term, the Surrender Value (if applicable) may be less than the Total Premiums Paid.

10. Policy Loan

After the Plan has acquired a Guaranteed Cash Value and while the Policy is in force, the Policyowner may, upon the sole security and satisfactory assignment of the Policy to Hong Kong Life, apply for a Policy Loan from the Plan. Any loan on the Policy shall bear interest at a rate declared by Hong Kong Life from time to time. Interest on the loan shall accrue and compound daily from the date of loan. The Policy Loan Interest Rate is not guaranteed and will be changed from time to time. The loan and the interest accrued thereon shall constitute Indebtedness against the Policy. Interest shall be due on each Policy Anniversary subsequent to the date of loan. In the event that the Indebtedness of the Policy equals to or exceeds the Guaranteed Cash Value, the Policy will terminate. Any Policy Loan and accrued loan interest may reduce the Surrender Value and Death Benefit of the Policy.

11. Non-Protected Deposit

The Plan is not equivalent to, nor should it be treated as a substitute for, time deposit. The Plan is not a protected deposit and is not protected by the Deposit Protection Scheme in Hong Kong.

12. Dispute on Application Process and Product

Any dispute over the application process on Hong Kong Life's online platform and/ or contractual terms of the life insurance product should be resolved between the customer and Hong Kong Life directly.
